## Arabs Reject U. N. Truce, Continue Palestine War

By The Associated Press  
Sharp fighting continued in Palestine yesterday as the United Nations fifth attempt to bring peace to the Holy Land collapsed.

As Arabs reported that their armor forged a tighter ring about the besieged Jews in the old city of Jerusalem, an Arab officer said he expected the defenders to capitulate momentarily. Arab legion dynamiters were reported working closer and closer to the Jewish stronghold in the big Huiya synagogue.

A broadcast by the Near East radio said the besieged Jews had been split into two groups and that those in the synagogue had been given an ultimatum to surrender or die.

Jewish officials in Jerusalem said the heaviest fighting now in progress was at Latrun, vital road junction of the Tel Aviv-Jerusalem highway.

THE ARAB COUNTRIES notified the United Nations that they would comply with the U. N. cease fire order only under these conditions: abolition of the Jewish state, stoppage of arms for the Jewish army, and limitation of Jewish immigration into Palestine.

Jewish officials at the United Nations said such conditions were unacceptable.

By the 1 p. m. (Pottstown time) deadline set by the United Nations, no reply had been received from the seven-nation Arab league. Later the league asked the security council to lay down exact terms for a political settlement in the Holy Land. It also said it had appointed a committee to negotiate with the council's truce commission in Palestine.

The league did not specifically accept or reject the cease fire order. Individual Arab states, however, were considered to have defied the U. N. by proposing the conditions which were known to be unacceptable.

## House Approves Extension Of Reciprocal Trade Act

WASHINGTON, May 26 (AP)—Republicans rammed through the House today a bill extending the Reciprocal Trade act for just one year and putting congressional checkreins on the President's tariff-making powers.

In the slam-bang election year renewal of the ancient tariff feud between the major parties, the Democrats lost this time, 234 to 149. They tried in vain to kill the GOP measure and substitute their own to prolong the Trade act "as is" for three years. The substitute was beaten 211 to 169.

On the final vote, 218 Republicans were joined by 16 Democrats in support of the GOP bill; opposed were 142 Democrats, five Republicans and two Labor party members.

The legislation now goes to the Senate. How it will fare there is uncertain, but another word battle is sure.

IN ITS ACTION, the House brushed aside a statement from Secretary of State Marshall that the GOP measure would shake the foundation of America's foreign economic policy. Marshall called it worse than no bill at all.

House Republican Leader, Halleck, of Indiana, called Marshall's statement "reckless" adding: "I for one resent it."

Chairman Knutson (R-Minn.) of the ways and means committee, challenged Marshall's qualifications to speak on tariffs.

KNUTSON ALSO said that under Marshall's actions as Army chief of staff "the war cost us three times as much as it should have."

Rep. Wadsworth (R-NY) took the floor to defend Marshall. He told the House he had "no sympathy" with this statement by Knutson.

"Isn't General Marshall the one who didn't know where he was the night before Pearl Harbor?" asked Rep. Gearhart (R-Conn.)

## TALKS RESUMED AT CHRYSLER

Union Cuts Pay Demand; Parley Listed for Today After 9-Hour Conference

DETROIT, May 26 (AP)—Chrysler corporation and the CIO United Auto Workers seeking an end to the 15-day strike at Chrysler's auto plants, tonight recessed their negotiations until 1 p. m. tomorrow.

Negotiators for the auto company and the UAW conferred for nearly nine hours today and ended their session shortly before midnight (Pottstown time) with a terse "no comment" from both sides.

The long negotiating session, which included both afternoon and evening meetings, led usually reliable observers to believe a settlement of the tieup might not be far off.

THE RESUMPTION of negotiations between the company and the UAW came a day after General Motors reached agreement with the union on new wage figures for GM workers.

The UAW, prior to going into a huddle with the Chrysler officials today, disclosed that it had again cut its wage demands on Chrysler to an hourly boost of 17 cents.

The concession was disclosed at the start of the first negotiations since prior to the walkout 15 days ago of 75,000 Chrysler workers.

ORIGINALLY THE UAW had demanded 30 cents. It cut this to 17, but went back to 30 when Chrysler withdrew its rejected offer of six cents.

Today's negotiations were agreed to after the intervention of Governor Kim Sigler earlier this week and came on the heels of General Motors' historic 11 cents an hour agreement geared to the cost of living.

## Clarence B. Welch Elected President Of Jaycee Chapter

Clarence B. Welch became president of the Junior Chamber of Commerce last night in the group's first election of officers since its founding the past Fall.

He defeated I. Stanley Mauger, a director, in the race after former president Harold M. Steeb dropped out at the last minute.

All the officers were two-way races. Other winners were Albert E. Hartman, first vice president; Alvin Ramsdell, second vice president; John M. Howard, secretary; and Hathaway C. Geyer, treasurer.

Directors elected for a two year term were Richard Gross, Richard Page and John McCashin. Besides Mauger, Bruce Davies has another year to serve as director.

THE MEETING was held in the Howard Johnson restaurant. Twenty-five members cast ballots.

Major Russell W. Gies, malaria control officer for Pennsylvania, who is aiding the club in its summer project of airplane-spraying Manantown Park to kill mosquitoes, was the chief speaker.

Gies said the date of the (Continued on Page Thirteen)

## 690 Borough Residents Have Chest Examinations

The low of Pottstown residents through the X-ray clinic in the YMCA auditorium increased again yesterday, as 397 took of the chest examination offered for \$1.

Monday, 116 went; Tuesday, 237, making the total 690. The clinic will remain open from 2-5 p. m. and from 7-9 p. m. today and tomorrow.

## 600 Lions From 60 Clubs Hear Founder Address District Session

Six hundred Lions roared last night, and the roof nearly rose from Sunnysbrook ballroom.

Representing 60 of the 66 clubs in Montgomery, Philadelphia, Delaware and Bucks counties, the members of Lions International held their district 14-A pre-convention meeting, with a banquet, introduction of a couple of score of dignitaries and a slam-bang vaudeville show at the end.

Pottstown was one of the sponsoring clubs. The others were Norristown, Bridgeport, West Norriton, Collegeville, Gilbertsville and Royersford.

Melvin Jones, secretary general of the organization, and founder of Lionism, was the guest speaker last night.

## YOUTH ADMITS STORE ROBBERIES

17-Year-Old Arrested In East End, Also Says He Stole Car From Garage

The burglar who eluded Pottstown police for 24 days while he twice entered Harry W. Hartenstein's grocery store and made two other attempts, proved last night to be a 17-year-old boy.

Although the boy confessed to the store burglaries and to the theft of a car from a garage near the store, he was without cash or car when brought to borough hall.

The youth, whose name is being withheld because he is a juvenile, appeared in Pottstown last night at about 6:45 o'clock after hitch-hiking from Philadelphia.

East end residents, who had been stirred by the burglaries at the 1113 Queen street store, spotted him as he walked down Rosedale drive near High street.

While two anonymous residents telephoned borough hall to inform police, the youth was sighted by a cousin, who picked him up in her car and drove him home.

## County Approves Funds For Two Road Projects

NORRISTOWN, May 26—A total of \$38,000 in county funds will be contributed to the State for two important highway improvement projects in Montgomery county.

This was decided this afternoon by County Commissioners Frederick C. Peters, Foster Hille-gass and Raymond B. Mensch.

The sum represents this county's share towards the widening of the approach to Graterford and \$35,000 to the project at Royersford. Both jobs will be done by the State Highway department.

Creston O. Cooke, county superintendent of highways, met with the commissioners.

THE REBUILDING of Township Line road will furnish a first rate highway for residents of Royersford who have complained for many years that main roads leading to the borough are inadequate.

The highway will be resurfaced and widened for a distance of approximately two and a quarter miles in a northeasterly direction, crossing Linde road and terminating at Ridge pike.

The present surface will be covered with a four-inch base of broken stone over which a black top will be spread.

From its present 17 to 18 foot width, the road will be widened to 20 feet with a 30 foot right of way throughout. Several bridges on the route will be widened and guard rails set up. The improvements will afford better drainage.

THE BRIDGE APPROACH to Graterford at Graterford has been a sore spot with motorists for many years and has been the scene of many accidents because, under (Continued on Page Thirteen)

## Three Area Persons Injured in Crash Near Stonersville

Three young people from the Pottstown area were injured, one seriously, in a traffic crash last night at 6:40 o'clock near Stonersville, five miles east of Reading.

The seriously injured victim was Jean Bauman, 24, of East Green-ville. She sustained a possible skull fracture, cerebral concussion and rib and leg injuries.

She was taken with the other two injured to St. Joseph's hospital, Reading, where she was in fair condition.

West Reading State Trooper Paul Fehr, who investigated, said cars driven by LeRoy Kohler, 26, Niantic, and Robert Albright Jr., 19, of 228 North York street, met head-on along Route 583. Kohler's sedan had been traveling east and Albright's coupe, west.

Kohler sustained a fractured right thigh and possible concussion, while Albright escaped with a broken toe of the left foot. The girl was a passenger in Kohler's car.

Following Kohler's car was a coupe driven by Ernest M. Jacob, Douglassville RD 2. Seeing the crash coming, he swung off the road, his car striking a guard rail. Trooper Fehr estimated damage to each of the colliding autos at \$500. The third car had only minor dents.

## Double Consonants Stump Spellers

It was the two "r's" in "quarrel," the single "t's" in "latitude" and the "y" on the end of "dummy" that threw some of New Hanover Grange's best spellers last night in a spelling bee.

Mrs. Roger Moyer, wife of the master, fought 20 other contestants to a standstill by not missing a letter. She won after half an hour.

Other boners were a "u" injected somewhere in "arbitrary," putting an extra "s" on "canvas" (the cloth) and one contestant who refused to spell "pelican" because he said he never heard of the word.

Mrs. Moyer will enter the Pomona Grange bee to be held June 3 at Red Hill.

Mrs. Helen Mast, lecturer, read the words and spellers had only one crack at each word. One failure meant elimination. Herbert B. Wagner, holding both a Webster dictionary and a speller, was the judge.

Thirty-one members were present.

## Youth Treated at Hospital After Bicycle Hits Car

LeRoy Kaas, ten-year-old son of Mr. and Mrs. Matthew Kaas, 7 West Fourth street, was given despondent treatment last night at 5 o'clock in Pottstown hospital after his bicycle struck a car on High street.

The driver of the auto, Peter Donnelly, Royersford RD 1, told police he was driving west on High street. The boy rode down Penn street, made a left hand turn into High street and struck the right rear of his car, Donnelly said.

The boy's only injuries were bruise burns of the left forearm. Patrolman Paul Brideman investigated.

## Forecaster Has Glooms, Just Like His Weather

Yesterday was like a conservative Democrat—in the middle of the road.

It didn't rain. The sun didn't shine. There were no earthquakes and none of the local volcanoes erupted. It was just sort of dim all day long. The mean temperature was 64.

The policy will be the same for today. But tomorrow the weather-man has asked Congress for rain.

## Judge Says Error Made in Permitting Case to Go to Jury

The Wentzel case "should never have gone to a jury," the chief justice of the State Supreme court said yesterday.

This declaration led the high court's sharp criticism of the Kenilworth man's conviction for the scarf slaying of Mrs. Minam F. Green. It was made during the two-hour argument over his appeal before a crowded, tense courtroom in Harrisburg.

Although no decision is expected for from three to six weeks, the high court's attitude raised greatly the hopes of Wentzel's attorneys for a new trial or complete exoneration.

Chief Justice George W. Maxey's dramatic remark was made to W. H. Rosenberry Jr., co-counsel for the Kenilworth man. Rosenberry said his client's part in the slaying "was certainly not proved beyond a reasonable doubt."

"You make this clear so far," the chief justice replied. "It (the case) should never have gone to the jury. It was not a prima facie case."

A "prima facie" case is one where evidence is sufficient to raise a presumption of fact unless contradicted.

Maxey dropped another bombshell in the direction of Thomas E. Waters, assistant Montgomery county district attorney, who was upholding the Commonwealth's second degree murder conviction, for which Wentzel now is serving a ten-to-20 year term in Eastern penitentiary.

Waters said, "The impelling motive for the crime was Wentzel's desire to continue the illicit and adulterous relationship between the two."

The chief justice replied drily, "Killing her was a poor way to continue the relationship."

## Suspect Held, Is Sought Here For Bad Checks

A 35-year-old Birdsboro man, charged with passing bad checks on three Pottstonians, was arrested yesterday morning in Reading, when employees of a lumber company became suspicious of his transaction.

Earl Kennedy, of 233 Hope-well street, Birdsboro, was held by State police of the Reading barracks for questioning. They also were interested in learning who his accomplices were in the many "deals" with which he was charged.

Locally, Kennedy allegedly passed three checks the past May 17. First, he went to a coal dealer, Foster Y. Shaner, of 15 South York street, and asked for a delivery at a Birdsboro address.

HE GAVE SHANER a check for \$130, for less than \$100 worth of coal, but when the fuel was taken to Birdsboro, no Kennedy could be found. The load was brought back to Shaner's yard.

At the same time, \$ was charged. Kennedy bought a \$30 electrical appliance from Carl J. Keiser, at 22-24 North Washington street, and presented Keiser with a check for \$116, taking \$90 in change.

Both checks bounced.

Finally, according to Justice of the Peace Richard H. Cadmus, of the Seventh ward, "he stuck me for \$85."

ALTHOUGH WARRANTS were served by Cadmus for Shaner and Keiser, the justice of the peace did (Continued on Page Thirteen)

## 'Midge' Track Meet Scheduled Tomorrow By School Children

Two hundred twenty-six elementary school boys and girls, straining at the leash, are ready for tomorrow afternoon's First Annual Track and Field meet, to be held at 1 p. m.

"The kids are really enthusiastic about this," declared Jack C. Tinkler, physical education supervisor for the elementary schools, who has been planning the meet for the past several months.

The boys and girls will take part in 29 track and field events, with ribbons going to the individual winners and a bronze plaque to the school whose representatives pile up the most points.

To make the competitions fair, the children will be divided into three age groups — the first including those up to 19 years old; the second, those 10 and 11 years of age; and the third, those more than 11 years.

IN ADDITION the difficulty of the events will be tailored to the contestants' age, so that the competition will not be an undue strain (Continued on Page Thirteen)

## President of Czechs Reported Near Death

LONDON, May 26 (AP)—A Czech diplomat in close touch with the Prague government reported today that 64-year-old President Eduard Benes is gravely ill and is "not expected to recover."

A Czech information ministry spokesman denied tonight in Prague that Benes is seriously ill. He said the president walked with Mrs. Benes tonight in the garden of their country home and later received a visit from a personal friend.

The names of two men as likely successors in event of his death were immediately mentioned by persons in close touch with the Czechoslovak situation. These were Klement Gottwald, Communist premier, and Zdenek Fierlinger, pro-Communist Social Democrat.

## Baltzell Congregation Votes to Put Rev. Smoker on Full-Time Basis

The congregation of Baltzell Evangelical United Brethren church voted last night to assume the full support of its pastor, the Rev. John L. Smoker, if conference authorities will permit it.

This action was taken at the annual congregational meeting in the church. At present, the Rev. Smoker divides his time between the Pottstown church and Grace church in Birdsboro.

If the conference grants the request, at its next session in September, the Rev. Smoker will be able to hold both morning and evening services at Baltzell church.

THE REV. SMOKER, who came to the church the past October, has been holding only Sunday morning services at Baltzell church, directing Sunday night services in Birdsboro.

The congregation expressed the conviction that since its membership has increased in recent months to 192, it will be able to meet the full cost of supporting a pastor.

The meeting, which was preceded by a fellowship dinner for 112 members of church and Sunday school, also was marked by the election of officers.

HUGH FRAME and HATT SCHAFFER were named trustees; Raymond Rhoads was elected Sunday school superintendent; James (Continued on Page Thirteen)

# Senators Infuriated Over Insults to States Carried by Voice of America Broadcasts

WASHINGTON, May 27 (AP)—Astonished and angry, the Senate today said the Voice of America has been broadcasting such information as: "New England was founded by hypocrisy and Texas by sin."

The reaction was terrific. "This stuff!" deplored New England Senator Saltonstall (R-Mass). "Drive, nonsense and downright falsehoods!" shouted Western Senator Hatch (D-NM).

Senator Connally (D-Tex) said the authors were "saboteurs" who had "labeled and slandered" Texas.

The outburst was touched off by the reading of excerpts from scripts broadcast the past December and January to South and Central America.

Senator Capehart (R-Ind), who read the excerpts, said he will introduce a resolution tomorrow for an investigation to "get all of the facts."

SENATOR FERGUSON (R-Mich) told the Senate it should "revoke immediately this (Voice of America) appropriation until we know that every word is supervised."

Capehart said the series from which he read purported to deal with life and history in the 48 states as seen through the eyes of two travelers.

One script, dealing with Utah and Nevada, noted that Nevada's two principal cities are "in competition." It said that "people get married in Las Vegas and divorced in Reno."

Capehart said this was "enlightening." The American people, he added, are spending money "to send that sort of trash over the radio."

The same script referred to Brigham Young, leader of the Mormons, as "carrying a bottle of whisky in one pocket and a cud of chewing

tobacco in the other," but not using either.

"SOME FOOL BROADCAST that sort of information throughout the world," Capehart shouted. He also said that the script tried to represent Utah as a "Communist or Socialist state."

Turning to Alabama, Capehart said the script referred to the city of Birmingham as being "poorly made." He quoted the script as saying the city "was constructed in a hurry and they have not had time to improve it."

The same broadcast referred to Alabama as the "darkest" of all states, with this explanation: "In no other part of the United States have the Negro people suffered and struggled so much as here."

Senator Eastland (D-Miss), noting the absence of an Alabama senator, took the floor to denounce the

broadcast as a "contemptible, damnable lie."

SENATOR SMITH (R-NJ), a member of the Senate foreign relations committee, said he has asked the State department for an explanation. He said the broadcasts read by Capehart had been "farmed out" to the National Broadcasting company, and were neither written nor supervised by the department.

"Because of lack of supervision — and there is no excuse for it — this terrible business has gone out," Smith said.

Capehart said he had first intended to introduce a bill to require the State department to publish each script in the Federal register within ten days after the time of broadcast.

He said he later found the department was sending out 300,000 words daily, so he was now considering an alternative. This alternative, he said, would require the secretary of state to furnish to the secretary of the Senate, the secretary of the House and the Library of Congress a copy, in English, of every broadcast.

## Water Traffic Is Normal As Ducklings Are Born

MILWAUKEE, May 26 (AP)—Car ferry Carrie, the motherly duck which set up housekeeping atop a dock piling, had its long-awaited brood today.

Six ducklings popped out of their shells and jumped into the water to end a hatching period marked by the fatherly solicitude of the captains and crews of several ferries.

Today an incoming ship slowed its approach to give Carrie ample time to hustle the spanking new family behind a piling.

No longer, however, will captains have to take care not to jostle the nest ten feet above the water. Carrie doesn't live there any more.

FIRE ROUTS 35 PERSONS COLUMBIA, May 26 (AP)—Thirty five persons, 20 of them children, were made homeless today when fire gutted the interior of five houses. The damage was estimated at \$40,000 by Fire Chief T. A. Royce.

FALL PROVES FATAL EASTON, May 26 (AP)—Edith Mae Stevenson, 31, died today after falling 11 feet from her bedroom window to a concrete sidewalk at nearby Stockertown, Coroner D. P. Bachman said.

## Griffith Should Discharge Housing Committee Now!

WHETHER by design, or whether he unintentionally played into the hands of the obstructionists, Burgess William A. Griffith certainly has done a good job to discourage enthusiasm for public housing construction here.

By action, by public utterances, Burgess Griffith has tried to make the Pottstown public believe that private builders can take care of the acute shortage here.

He appointed a citizens' housing committee, consisting mainly of real estate men and contractors, to aid construction in Pottstown. This committee in the space of more than a year has done NOT ONE SINGLE GOOD DEED TO BRING MORE HOUSES TO POTTSTOWN, so far as the public record shows.

Yet the burgess had the temerity to stand up at a Chamber of Commerce meeting to praise the chairman of the citizens' housing committee for his aid in bringing more home construction to the borough.

The burgess must have known that in the past year the two big building jobs in Pottstown—that of Maple Manor and Brookside Homes—got little or no assistance from any local agency when plans for such construction were advanced.

Further, the utterances of Burgess Griffith at that Chamber of Commerce meeting may have been compiled with the deliberate plan to delude the public.

The burgess boasted that 145 homes and 43 apartments were up here. In 1947. He said the value of building permits in 1947 were \$1,618,700 compared with \$1,229,140 the year before. Then he asserted:

"In the very near future we may expect to have a total of 250 more housing units built."

And all this time Pottstown families were living in chicken coops, in shacks, in sheds, WORSE OF ALL, ONE FAMILY WAS FOUND LIVING IN A TENT. An aged widow, a mother, two tiny children were forced by the housing shortage to risk their lives in the dampness of a canvas shelter!

Veterans and their families were doubled up with their in-laws. A survey in a nearby city showed that 12 out of every 100 occupied privately financed dwelling units contained doubled-up families. The condition likely obtains in Pottstown. These doubled-up families want to occupy new houses. They won't, in turn, vacate any dwelling unit.

Private contractors in Pottstown are building new homes. Their prices range from \$8500 to \$17,500.

The average worker can't touch those homes.

Months ago Edward Hopkinson Jr., chairman of the Philadelphia City Planning commission, testifying before the joint Congressional Committee on Housing, said:

"Private enterprise evidently cannot produce new housing at prices that can compete with the old houses in which these groups presently live."

"It has been suggested that construction of new houses for the higher and middle income groups would soon create a surplus of vacancies in good old houses which would 'filter down' to the lower income groups."

"Experience shows that this process has not worked adequately even in normal times. The reason is evident: As soon as a surplus of good old houses come into the market, the profit margin for new houses shrinks, and new building is curtailed."

How well Pottstown knows this. A few years ago Pottstown borough council voted against the Penn Village development. Since that time the "temporary" Hilldale Homes were erected. They were to be torn down after the war. Today all of Penn Village's 117 units are occupied. At Hilldale, all of 290 units are filled.

AND THERE'S A WAITING LIST OF 150 VETERANS' FAMILIES WHO WANT TO MOVE INTO HILLDALE. Thirty applicants are on the list at Penn Village. Dozens are turned away daily at Penn Village because their incomes are too high for consideration as tenants.

Private industry can't take care of the persons who must rent homes. The federal census bureau reports that veterans of World War II who want to rent homes can afford an average of \$38 per month, and veterans who want to buy or build can pay an average of \$5300 for such homes.

Pottstown now must make provisions for more public housing or low-rent housing. Burgess Griffith now should discharge the "citizens' housing committee" in favor of veterans and workers who understand the need for homes and who will fight for public funds to end Pottstown's disgraceful housing conditions.

## Delinquency in Parents; Can't Blame Teen-Agers

Letters must not be more than 250 words long, of current topics and must not involve personalities. Poetry, and communications advocating the election of political candidates are not acceptable.

### Cost of Letting Them Run Wild

To the Editor: It's about time some of our so-called modern parents wake up to the fact that they are the cause of their children's delinquency. Youngsters, by virtue of being given free rein, are ruining their lives at an early age.

Baccalaureate and commencement speakers are warning our high school graduates that the world is fraught with dangers, that the temptations to stray from the path of righteousness are great. Parents sit back and beam in agreement. What they don't realize is that all this advice comes too late.

And they don't comprehend that they, the parents, should have long ago taken over the responsibility of creating a healthy home environment for their children. They should have taught them the value of living clean, wholesome lives.

Our children of today are maturing in the ways of the world much earlier than we did 25 years ago. But their parents, unwilling or unable to face realities, are ignoring this fact.

Why do we find so many unwed, teenage mothers? Blame it on lack of parental discipline and guidance. Today's generosity of parents begets satiation; the tragedy of it all is that their children must suffer for their negligence.

Boyetown MOTHER

### Their Place Is in Home

To the Editor: The mothers and fathers of the children who call themselves The Gang ("For Lack of Something to Do," Readers Say, May 26) should hang their heads in shame.

These children write: "If some of the gossiping neighbors would supply something for us to do there wouldn't be any hanging around on street corners."

Don't these children have parents who can keep their children occupied? Must the neighbors provide them with something to do? What has happened to the family life of the home?

No, teen-agers we can't blame you. But do your griping at the dinner table at home. That's where your words will be best placed.

## The Worry Clinic

By DR. GEORGE W. CRANE

CLAUDE Z. 24, is a former veteran who is now a college senior.

"Dr. Crane, why is it that college professors seem to be such poor public speakers?" he asked.

"Why, I've seen almost half the class asleep in various of my courses. And it isn't altogether our fault, though I suppose the professors try to alibi out of the situation by saying we are dumb."

"Many of us enrol in courses which at least sound as if they'd be of interest and value. Then we find ourselves put to sleep by a monotonous delivery and long, 6-syllable words."

It seems to me that the first principle of good teaching should be keeping the audience awake and interested. But many teachers seem deliberately to kill all interest in their courses.

"Dr. Crane, if I were president of the university, I'd fire about 60% of the faculty as being incompetent. Does this sound realistic?"

IT MAY sound somewhat radical, but this critical analysis of the instruction which Claude is paying good money for, is certainly a very wholesome sign.

It would perk up college professors if the students tested them on their teaching proficiency.

I realize that many complacent professors will violently oppose my position in this matter, but they are the ones who are usually the "Doctors of Somnolence."

Colleges are supposed to be the citadels of liberalism, but in their educational methods and procedures they are often archaic.

Students are frequently compelled to sit through deadly lectures which the intelligent public would refuse to attend, and certainly wouldn't pay money to hear.

Claude's indictment of college instruction is an excellent illustration of the psychologist's modern emphasis on the consumer survey.

We urge manufacturers and retailers to analyze the customer's wants and attitudes. If the consumer dislikes the product, and offers valid objections, then it is good business to remodel the merchandise to fit the customer's wants and basic habits.

Imagine the stupidity of a professor who discussed the Chino-Japanese affair just before Pearl Harbor, and stated that the only thing which staved off the financial collapse of Japan was "the aggregate of the instrumentalities of totalitarianism for postponing the incidence of social and economic law."

I have quoted exactly from a current highbrow magazine.

Is it any wonder, therefore, that students go to sleep in class, or that they graduate from such courses with little common sense? Such lectures encourage the use of long, jawbreaker words as an evidence of education.

"Talk the language of the customer" is an axiom in sales psychology. It should be equally applicable to education.

Claude is correct in saying that many professors actually kill whatever intrinsic interest their courses might hold.

They belabor the essential facts in so much verbal chaff that the students sleep to the professor's monotonous lullaby.

Send a 3c stamped envelope, plus a dime for a copy of my "PRACTICAL TEST OF A GOOD TEACHER."

I surveyed 60 students of a grammar school high school and college to obtain the data for this test.

## President Misinformed On Palestine Situation

By RAY TUCKER

WASHINGTON, May 26 — The Arabs' early victories in the Palestine warfare marks the second historic occasion on which our military experts have given a President erroneous advice as the basis for decisions of vast international import. It may land Defense Secretary Forrestal and Admiral William D. Leahy, White House chief of staff, in the nation's most important doghouse.

Mr. Truman abandoned the original American proposal for partition of the Holy Land largely because these two men who represent the Navy viewpoint, informed him that the reversal would not cause chaos in the Middle East. They told him that the Arabs were divided, poorly trained and equipped, and assured him that the Jewish forces would easily repulse them.

Their chief concern was that continued advocacy of partition would so antagonize King Ibn Saud that he would cancel contracts for petroleum needed by the Navy. Therefore, they persuaded the President to make this gesture of appeasement to the Arabs. They quieted his fears over possible turmoil throughout the Middle East with assurances that there would be no large-scale or prolonged fighting because of Arabian military weakness.

KEY: The other time they misinformed the commander-in-chief was when they warned F. D. R. that the German forces would conquer Russia within a few months after the June, 1941 invasion.

As a result of that advice, President Roosevelt immediately included Moscow within the lend-lease family, proclaimed the Soviet to be a true democracy and carpentered the Pandora's box of troubles which has now cracked open in President Truman's face.

Ironically, George Catlett Marshall happened to be a key figure then and now. He was Chief of Staff when his so-called intelligence service underestimated the Reds' power, and he now serves as a combined diplomatic and military advisor to the White House.

BANDS: The Forrestal-Leahy school still maintain that the outcome of the strife will justify their analysis of the critical situation. But the uncertainty surrounding their judgment accounts for the presidential delay in granting the Jews' new demand for lifting the arms embargo so that weapons may be sold to the state of Israel.

Messrs. Forrestal and Leahy insist that only one Arabian unit possesses any strength. That is the British-trained Trans-Jordan army led by King Abdullah. The Iraqi, the Lebanese and the Egyptians, they say, are nothing more than primitive gaudy bands able to advance as far as they have only because they encountered almost no opposition in the open country.

They have no common aims, and seek booty rather than territory, according to this viewpoint. Once they reach a point where they will occupy adjacent fronts, it is predicted that they will fall to fighting among themselves. Then, the Army-Navy prophets believe, there will be a prompt and peaceable settlement.

MISTAKE: Recognition of Israel carried the implication that the United States would eventually permit the new state to buy arms in this country, while denying them to the Arabs. Inasmuch as international and domestic policies inevitably intertwine here, it would also be a fortunate stroke for President Truman.

But Secretary Marshall hesitated to take that step out of deference to the United Nations, Great Britain and France. He was accused of bypassing the U. N. and negotiating behind the backs of our allies when he authorized the Smith-Molotov conversations without consulting them. He does not want to repeat that mistake for fear of losing the international body's sympathy and driving a wedge between the western powers.

As a result of this mixup, the top men at Washington have not been so worried since the Battle of the Bulge at Christmas time of 1944.

WALLACE: Secretary Marshall gives an off-the-record denial that he had Henry A. Wallace in mind when he notified Foreign Minister Molotov through Ambassador Walter Bedell Smith that presidential policies would not alter our attitude toward Russia or lead us to an abandonment of our supposedly anti-Moscow program here and abroad.

Diplomatic advisers had informed the Secretary of State that Soviet propagandists and newspapers were pooh-poohing our attempts to check the sweep of Communism. They attributed the shift solely to President Truman's "desertion" of Roosevelt policies.

SUPPORT: They also dinned into their people's ears the forecast that the U. S. was headed for a quick and disastrous depression. Thus they were giving the Russians an entirely false picture of our attitude, perhaps believing it themselves. Stalin has few sources giving him accurate data on the U. S.: they tell him what they think he would like to hear.

In view of this information, Mr. Marshall thought it necessary to warn the Kremlin (1) that the Administration had the support of the vast majority of the American public and Congress; (2) that even if the country should suffer from an economic setback, it still had industrial, agricultural and manpower resources enough to rearm, finance the Marshall Plan and carry on a "cold war."

BOOKKEEPING: "You recently stated," remarks C. G. M. of Columbia, S. C., "that the Social Security fund consists of 'seventeen billion dollars worth of U. S. securities.' My understanding is that this is only a bookkeeping proposition: The money collected is paid into the General Treasury Fund, and there are no assets except the obligation of the government to pay off beneficiaries under the program."

Answer: C. G. M. is correct. Uncle Sam uses money paid in for current "retiring costs, depositing an equivalent amount of federal securities in the U. S. account. It is almost as if a poker party drew draws a certain percentage out of each pot to pay for the cards, the host's rent, the refreshments and what-have-you.

Betsy Drake... The Ronald Colmans, who went to London last week for the opening of his Oscar-winning picture, "A Double Life" got a terrific reception at the premiere there. Has it occurred to anyone that the reasons more husbands don't lead a "double life" is that it costs twice as much????

ST. JOHN'S Hospital here has just made a deal with Ringling Bros. Barnum and Bailey Circus to play their premiere performance in Los Angeles for the benefit of that institution. First time in seven years that "the big show" will play this town. Lots of movie stars (some of whom once appeared in circuses) are scheduled to be in the show. Walter Pidgeon has promised to do a flying trapeze act; Wally Beery will go back to the days when he was an elephant boy in the same circus; Harry James will get in the band; while Jimmy Stewart, Van Johnson, Sinatra, Jack Carson will ride in the show or be clowns.

MELVYN DOUGLAS, visiting Helen Gahagan in Washington, writes that too many politicians there are living on the fret of the land.

The wedding plans of Olga San Juan and Edmund O'Brien are all up in the air again. Now she's thinking of postponing the nuptials until after she does a Broadway show being offered her.

WHEN J. ARTHUR Rank was here recently, he had lunch with Bob Hope and his agent, Louis ("Doc") Schurr (everyone just calls him Doc for no reason at all) trying to get Bob for a British picture. When the meal was over, one of Rank's group asked how he made out. "Most encouraging," answered J. Arthur, and added, "The most astonishing thing is that Mr. Hope has an agent who is also his doctor. Unusual situation, what?" Rita Hayworth is taking off for Europe in a knock-out wardrobe designed by Jean Louis. Rita has also been having more of those very quiet dates with Howard Hughes. For some strange reason, neither wants it known that they're dating at all! According to someone who should know, present television sets will be "antiques" in another six months!

## Voice of Broadway

By DOROTHY KILGALLEN

Stories From Tin Pan Alley

(About the songs the nation sings)

SHOW BUSINESS again has changed its success story pattern. Not so long ago vaudeville and night clubs were the incubators for stardom. Now all you need is a hit record, and zoom! — you're in!

One current sensation of show business is the 29-year-old singing star, Jerry Wayne, whose "You Can't Be True, Dear" record is one of the greatest platter sellers in Tin Pan Alley history. Jerry's single platter of "You Can't Be True, Dear" made him, as they say on Broadway, "hotter than a pistol."

Six months ago the Wayne lad was ready to store away those golden pipes in mothballs. But one night while he was sitting in the Cafe Rouge, passing the time of night with Frankie Carle, the bandleader mentioned that his song publishing firm had just bought a new tune — an old Viennese melody by Hans Otton and rewritten by a Chicago organist, Ken Griffin. Griffin had recorded it as musical accompaniment for roller skating rinks.

There was only one thing keeping the record out of the bestseller lists, Carle said: It didn't have a vocal.

About four that morning, Jerry Wayne, Frankie Carle, and the rest of the entourage hied to a small recording studio on Broadway. Wayne, with earphones on, so that he could hear the organ accompaniment, listened to the tune, while other night owls wrote the lyrics, so he would have something to sing. Five weeks later "You Can't Be True, Dear" began to sweep the country. In one month, more than 750,000 pressings of Jerry Wayne's platter were sold. Now, because he did a favor for Frankie Carle, who needed a vocal to sell a song, Jerry Wayne is well on his way to earning that first million.

CINDERELLA STUMP as a star femme vocalist doesn't excite the imagination. But change the name to Jo Stafford and you have one of the greatest of the singing stars. That's exactly what happened. Red

Ingale had a notion to do a burlesque version of the old standard hit, "Temptation." He called it "TIM Tation." Several singers were tried for the vocal spot but none had the right comedy inflection to do the lyrics properly. Jo Stafford finally agreed to do it if they'd bill her under another name: After all, she was at the top as a singer of ballads and didn't want a gag recording to mar her reputation. So, the record was waxed and the pressings were made and immediately everybody wanted to know who Cinderella Stump was. When they found out that Cinderella Stump was Jo Stafford, there was great applause for her comical one and the great success of "Tim Tation" didn't hurt her ballading career a bit.

FRANKIE LAINE apparently has ridden to fame and fortune on just one song, a ditty called "That's My Desire." It's funny how things work out with songs. Tin Pan Alley figures the record will have sold a million copies by the first of the year. It was written in 1931 by Helmy Dress and Carol Loveday and sold to an outfit called Sterling Music. In 1936, Laine, singing in a small cafe in Cleveland, picked it up and started to sing it.

Later, in June of 1946, Laine was working at Billy Berg's on Vine street in Hollywood. On the bill was a small band combo headed by Milton Delugg. Delugg had a recording contract for Mercury and did two records with Laine as vocalist. The firm liked Laine's style and allowed him to put "That's My Desire" on wax.

There also has been a question in the minds of some mothers as to whether or not smoking is permissible if their breast fed babies. It seems to be generally agreed that moderate smoking will not be harmful to the infant.

### ALL AROUND THE TOWN

## Close to Home... Switch in Churches...

FLIERS — Just how close are Pottstown, Pa., and Lincoln, Neb., is being illustrated this week — as is the worth of the Pottstown Municipal airport. Mrs. Jack R. Wennersten, the wife of the North Charlotte street medic, was anxious to attend the alumni reunion at her alma mater, the University of Nebraska. So Dr. Wennersten, Mrs. Wennersten, and her mother, Mrs. Maude Ockerman, hopped into a plane piloted by Localite Calvin Harp and flew to Lincoln. It was only an eight-hour jump — and Mrs. Wennersten will be in plenty of time for the colorful Cornhuskers' prom Saturday. For Mrs. Ockerman, who was a Pottstown visitor, it was a quick trip home. For Dr. Wennersten, the trip will give him a chance to visit his Iowa stamping grounds, because Pilot Harp plans to take him on some flights in the Mid West.

MOVER — The Rev. J. H. Barnes, a few years ago pastor of Scarles Methodist church, has been moved by the Methodist conference to Marcus Hook. He formerly was pastor of the Hancock Memorial church in Philadelphia... George E. Stroup, 378 High street, a Reading company detective, is in the Reading hospital with a fractured right leg as the result of a fall yesterday. Stroup, according to Phoenixville hospital reports, fell down an embankment at Valley Forge yesterday morning. He was removed within four hours to the Reading hospital. There Reading railroad officials could not learn details of his accident. They plan to question him today.

COLLECTORS — Father and Son Shoe Stores, Inc., 257 High street, is co-operating in a nationwide old shoe drive sponsored by Foster Parents' Plan for War Children. That group hopes to collect 200 million pairs of shoes for the war devastated areas of Europe and China. Beginning tomorrow, the Pottstown shoe store will have a large bin where contributors may drop old shoes intended for war children... Six hundred strikes were begun in the first quarter of 1948. That compares with 978 in the same period of 1947. The figures, say the American Machinist, give credence to the claim that the Taft-Hartley law is helping bring the number of strikes down to normal.

COLORFUL FACTS — The symbolic meanings of the different colors comes down from pagan antiquity. The symbol of white for purity and innocence is perhaps the most widely adopted. Violet may represent mourning and fasting, as black often does. Black also represented the underworld to the early pagans. Purple is authority; blue, eternity and human immortality; red, life, love, passion, fire, anger and war; yellow, shows envy, hate and quarrelsomeness; green represents everything from hope, growth, and the joy of spring to poison and envy.

DIGGER AND BETTER — The Encyclopedia Americana says that ancient authors put the height of the Colossus of Rhodes at from 70 to 80 cubits, or 105 to 116 feet high. It was one of the seven wonders of the ancient world, but the Lady with the Torch in New York Harbor, The Statue of Liberty, stands 151 feet; from sandal to crown and her pedestal is 155 feet, making the old boy astride the harbor of Rhodes look like a small fry... During the Middle Ages, when knight-hood was flowering and men rode around looking like a can of sardines, the German lansquenets or mercenary soldiers carried a two-handed sword which was some six feet in length. It was so heavy that it had to be carried on the men's backs when they were marching.

## YOUR HEALTH

By HERMAN N. SUNDESEN, M. D.

THERE is no doubt in the world that "the breastfed baby is the bestfed baby." This is a proved fact and it has also been definitely shown that nine out of every ten women who try to nurse their babies will have enough milk for them by the fifth day after birth.

Why is it then that in so many localities today less than one-third of our babies are breast-fed? The plain truth is that many modern mothers simply don't want to nurse their infants. And if the breasts are not emptied regularly and completely, the milk supply soon fails.

Some mothers even have the utterly mistaken idea that the both father and mother will gain along better than the breast-fed infant. Other, frankly object because they believe breast feeding will cause them to gain

# WENTZEL APPEAL —

(Continued From Page One)

uncommon for her not to be seen two weeks at a time."

A VERBAL BATTLE also raged over the previous opinion of the State Supreme court, written by Maxey, in the case of Commonwealth Vs. New. In his 1946 decision freeing a Chinese shipworker, Woong Kne New, Maxey emphasized the need of proof "beyond any reasonable doubt."

Throughout his brief, Rosenberry steadfastly maintained the prosecution had failed to establish the time of Miriam Green's death beyond a reasonable doubt.

He ripped through testimony offered by Dr. William A. Franck, the first physician to examine the body, and pointed out the defense believed Mrs. Green was killed Friday night, Dec. 6, 1946, two days before Wentzel could have committed the crime.

Part of the testimony of the Commonwealth's own witness, Coroner's Physician John C. Simpson bore out his contention, he declared.

Waters, on the other hand, refused to budge on this point.

He carefully noted the time of death in this case had been fixed by two doctors. Dr. Franck's opinion, he said, was based upon the fact that mucous and blood flowing from the victim's nostrils had not jelled as it would upon long exposure to the air; that there was no odor to the body; and that rigor mortis had set in.

Dr. Simpson further substantiated this opinion, he went on, by the following factors: The temperature of the body, that there was no putrefaction in the lower abdomen; that rigor mortis was only slight, and finally, upon the general condition of the body.

ACCORDING to the professional opinions of the physicians, Waters continued, Dr. Franck's testimony would show Mrs. Green was alive back as far as 2 o'clock Sunday afternoon, while Dr. Simpson's indicated she was alive as far back as 7 o'clock Sunday night.

Rosenberry argued this contention was highly improbable since the divorce failed to visit her Saturday, failed to keep a Saturday night appointment, and, in fact, had not been seen at all after Friday night. He further added the testimony of Charles D. R. Kent, a Shillington undertaker, which placed the time of death as far back as Friday night.

Wentzel's conflicting statements to the police formed another point of argument between the opposing attorneys.

Declaring that he neither contended or evaded Wentzel's conduct or evasion, Rosenberry pointed out the court itself had written: "... That an innocent man, when placed by circumstances in a condition of suspicion and danger, may resort to deception in the hope of avoiding the force of such proofs."

THE COMMONWEALTH submitted that Wentzel "was of such type of person that he would have known what his constitutional rights were." Moreover, he was advised of these rights, but did not want an attorney, nor did he complain, either during the course of the giving of his statements or at any time, that he did not know what was going on.

"In the taking of these statements," Waters declared, "he showed a clear tendency to lie on vital matters until faced with the evidence which was insurmountable and then made a confession. Everything that the Commonwealth got was by pulling teeth."

The testimony concerning Miriam Green's divorce decree was stressed heavily by both Rosenberry and Waters.

Rosenberry maintained the surprise introduction of the envelope which contained the divorce decree and a letter from Attorney Carl M. Binder was improper.

At the trial, Wentzel had said he had seen the "divorce papers" Wednesday night, prior to Mrs. Green's death. In a dramatic scene, however, the Commonwealth sought to show he could not have seen the "divorce decree" until Sunday night, since it did not reach Mrs. Green until Thursday.

Former Assistant District Attorney A. Benjamin Scirica held up the decree and a folded letter which had been contained in an envelope postmarked Dec. 4, and had Earl W. Reigun, superintendent of mails at the Pottstown post office, testify they could not have been received until Dec. 5.

Later, Binder testified the letter had been sent one day before the decree.

THE DEFENSE yesterday maintained the drama and tenseness of the scene prejudiced the jury, and although Binder cleared up the situation, the jury did not grasp the clarification.

Waters continued to maintain the testimony was proper and noted it was accepted by the court. The court left the weight to be attached to the evidence to the jury, he added.

To the lay mind and in lay language, Waters explained, divorce papers do not mean a letter saying a person is free, but the divorce decree itself. He upheld the Commonwealth's theory that Wentzel saw the decree Sunday night, and that it was the decree, rather than the letter, to which he referred when he said "divorce papers."

A complete outline of the history of the case as summarized in previous briefs filed with the Supreme Court yesterday. The defense argued, against the pictures admitted in evidence, the sordid details of Wentzel's previous relationships with Mrs. Green, and the visit of the jury to the scene, in addition to its other arguments.

THE CASE GOT under way at 10:20 o'clock following a 20-minute delay while the court cleared a case held over from the previous day. It ran straight through until 12:30.

## 250 Catholic Children Hold Rehearsal For Corpus Christi Observance Sunday

Two hundred fifty children of St. Aloysius Parochial school yesterday held their first rehearsal for the Corpus Christi procession, to be held at the church at 2:30 p. m. Sunday. Although today is Corpus Christi Thursday, the Feast Day will be celebrated in Catholic churches Sunday.

The holiday celebrates the institution of the Blessed Sacrament. It was established for the Thursday after Trinity Sunday by Pope Urban IV. in 1264, and its Mass and Office composed by St. Thomas Aquinas.

Dressed in white, the Parochial school boys and girls will begin their procession Sunday in the church, and then proceed to the rectory yard and to the Grotto.

THEIR WILL BE three benedictions, two inside and one out-of-doors.

In addition, Corpus Christi masses will be celebrated at 5:45, 7, 8, 9, 10 and at 11 a. m.

A procession also is scheduled for Sunday at St. Gabriel's Catholic church, Stowe. Masses there will be held at the regular hours—8, 9, and 10 a. m.

Following the 10:30 a. m. mass at St. Peter's Catholic church, approximately 20 children will take part in a procession on the parish lawn.

Four altars will have been erected there and the children will proceed from one to the other, with benedictions pronounced at each. Other masses Sunday in celebration of Corpus Christi day will be at 7:30 and at 9 a. m. in St. Peter's.

o'clock, ten minutes longer than was expected.

Although District Attorney E. Arnold Forrest was present in the courtroom, Waters handled the Commonwealth argument. He was directly opposed by Rosenberry supported by his associate attorney, Ernest E. Heim.

A small group from Pottstown heard the appeal. It included Burgess William A. Griffith, Chief of Police James A. Laughhead, Motor Patrolman Harold E. Hahn, and County Detective James V. Gleason.

Paul Kleinspehn, who is conducting a new investigation on Wentzel's behalf, and two women, Mrs. Rosenberry and Mrs. Heim, also sat among the crowd.

The court took the case under advisement after the two-hour argument was heard.

## IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles, else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is eminently effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also SSS Tonic helps build-up non-organic weak, watery blood in nutritional anemia—so you get a good flow of this gastric digestive juice. It is rich in blood you should eat better, sleep better, feel better, work better, —or better.

Avoid punishing your body with overdoes of soda and coffee stimulants to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for better stomach and repair. Don't wait until you are miserable. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Strong Healthy.

## Rosedale Site Rejected By County Police Lodge

Thirty members of Montgomery county lodge, Fraternal Order of Police, met last night in the Pottstown American Legion home of George A. Amole Post 47.

The group voted down a proposal by the building committee to use an abandoned school building in Glenside as the site of its permanent home, and instructed the committee to continue its search.

Plans were made to attend the State FOP convention in Reading July 18 to 22. Pottstown Motor Patrolman Stanley Korowy is one of the two delegates from the county, and Motor Patrolman Earl J. Rhoads is first alternate.

## ABC Members Told By Local Minister To Defend Heritage

The Rev. A. Burtis Hallock Jr., pastor of First Presbyterian church, last night told 36 American Business club members to look back over the American heritage and do something about it during Memorial Week.

Listing the heritage in three parts—material, human and religious—the pastor outlined a three-point plan for maintaining it in the future.

"Develop a sense of responsibility about your heritage, enlist in some service for defending it and search for God's word in our time," he urged.

His talk included a brief history of Memorial Day.

AT THE BUSINESS meeting it was announced that Salvatore Intintola, governor of District 7, will be present to lead a discussion on the proposed merger of the ABC International with two other service club organizations.

The two organizations under consideration are the Cosmopolitan club and the Co-operative International, both with chapters throughout the nation.

Presidents of the 18 chapters in District 7, comprising much of Eastern Pennsylvania and New Jersey, will meet at the Pottstown Elks' home June 6 at 2 p. m. to determine district policy on the merger.

Then, armed with that, representatives will vote accordingly at the ABC International convention June 26 to 30 in Savannah, Ga.

### Bad Check Passer Draws Nine-Year Jail Term

SCRANTON, May 26 (P)—Following his plea of guilty to a charge of violating the National Stolen Property act, Edwin Metzler Herder, 46, Los Angeles, Calif., known to police of many cities as a passer or worthless checks, was sentenced to nine years in prison by Federal Judge Albert L. Watson. He was charged with carrying stolen checks around the country.

"A fellow like you should be taken out of circulation and quickly," said Judge Watson before he imposed sentence. Federal officers informed the court Herder had been arrested in numerous cities for passing bad checks and that he had 132 aliases. Herder was arrested here recently for issuing bogus checks. When arraigned in county court at that time, he said to Judge Michael Eagen: "I'm as guilty as hell."

# U. S. Aid to Italy May Be Used to Tap Volcanic Power

WASHINGTON, May 26 (AP)—Will American aid dollars pay for punching a hole through the earth's crust to tap volcanic power in Italy?

Senators looked for an answer to that question today. And the answer seemed to be: Maybe, if the plan is practical.

When the proposal first came to public notice yesterday, Chairman Bridges (R-NH) of the Senate appropriations committee commented:

"If we begin capping volcanoes, it will be a new use for the taxpayers' money."

Such a proposal actually has been made. It was listed in the electric power program of the committee on European economic co-operation.

THAT WAS THE preliminary committee of 16 Western European nations which drew up the original "shopping list" of things that might be wanted under the Marshall plan.

A committee of American officials representing various government departments also mentioned the idea in a report it subsequently drew up.

But the Economic Co-operation administration, which has been set up to administer the \$3,300,000,000 aid program, said today that Italy has not thus far specifically submitted the volcanic power proposal.

If she does, it will be given sympathetic study, it was indicated.

**Underwriters Test Plugs to Determine Amount of Water Pressure in Spring City**

The question of whether or not the water pressure in Spring City is adequate and who would be responsible for damages in the event of an emergency remained a question mark yesterday, depending upon the result of a careful investigation and test of fire plugs in various parts of the borough. The test was made beginning at 1 p. m.

Engineers of the Middle Department of Fire Underwriters conducted the test of nine plugs, in the presence of officials of the borough, Home Water company and its engineer, and Liberty Fire company. The complete result of the test will be submitted in writing to proper officials of the borough, water company and fire company.

It was understood unofficially the test revealed the conditions here are no worse than many other communities.

IN FEBRUARY, Carl Hunsberger, then a new member of Spring City borough council, raised this question in behalf of Liberty Fire company, as he inquired who would be responsible if a fire apparatus in service on Main street should cause a water shortage in the higher parts of town.

It was pointed out a low pressure in the high spots could result to some damage to heating and domestic hot water heating systems. This question resolved itself into a matter of conjecture as to whether the borough or the water company would be responsible. As a result, a test of the water pressure was ordered.

The underwriters' engineers tested the first plugs under difficult conditions, using gauges and indicators, at the following locations:

Walnut and Cedar streets, Main and Chestnut streets, Main and Hall streets, Main street between New and Hall streets, Main and New streets, Broad and Cedar streets, New and Wall streets, New and Penn streets, and Main street and York avenue.

Borough representatives present at the test included Burgess Benjamin F. Beriolet, Councilman Kenneth Rothermel and Harry Lee, and Secretary Norman Mowrey. Representing the water company were W. Wilson Kulp, David E. Finkbinder and Marr L. Latschaw, and Engineer Ivan Glace. Fire Chief Jefferson Slaughter was present for the fire company.

**Spring City Legion To Attend Services In Methodist Church**

The plaque, in memory of the late Timothy Bathurst, was presented by Mrs. Bathurst in honor of the veterans of World War II. E. Arnold Forrest, district attorney of Montgomery county, a Spring City native, will be the speaker.

Members of the American Legion, Gold Star mothers and veterans and their families will be special guests. The post will meet at the post house at 10:30 a. m., to proceed to the church in a group.

Members of the post began last night the annual decoration of graves of war veterans in all local and nearby cemeteries in Chester county, by placing flowers and flags on the burial plots. The committee will continue its program today, tomorrow and Saturday.

The American Legion post will have its semi-monthly meeting in the post house tomorrow night at 8 o'clock.

# Marshall Refuses To Accept Award From Magazine

NEW YORK May 26 (AP)—Secretary of State Marshall said today he will not accept the annual award of the Churchman magazine because the publication engaged in world political discussions of a very marked character.

Marshall explained why he was turning down the award after Dr. Guy Emery Shipley, editor of the unofficial Episcopal magazine, had made public correspondence with one of Marshall's assistants.

A letter from Marshall's Carter to Dr. Shipley noted the Churchman's "editorials extend far into the realm of politics and international affairs," and that "the secretary does not feel he can accept the award."

The award is given annually to a person the Churchman believes has promoted good will and understanding among people. Previous recipients include the late President Roosevelt, Mrs. Eleanor Roosevelt, the late Wendell L. Willkie and General Dwight D. Eisenhower.

MARSHALL TOLD newsmen in Washington that he had first accepted the offer of the award, believing the Churchman was the official or semi-official publication of the Episcopal church.

He said he later learned that it did not have an official standing.

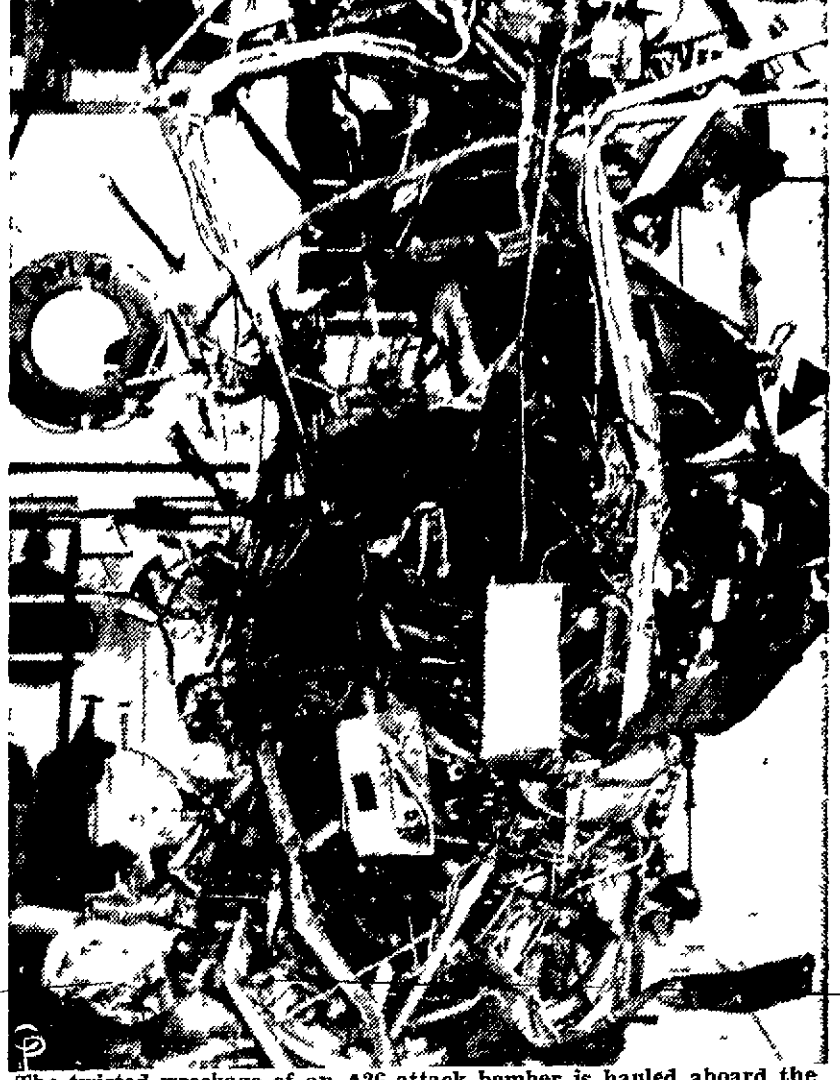

Marshall said that because of the magazine's world political discussions, he did not believe it would be proper for him to accept the award.

Dr. Shipley said Carter's letter was in reply to one by Shipley asking if Marshall would agree to have Dr. Samuel McCrea Cavert represent him in receiving the award. Dr. Cavert is general secretary of the Federal Council of Churches of Christ in America.

SHIPLEY SAID Marshall accepted the award the past September and that the award dinner had been postponed eight months to enable the secretary of state to receive the honor in person.

Shipley said he replied to Carter that he was "amazed" at Marshall's refusal.

### Woman, Over 90, Becomes Bride

MOIRA, N. Y., May 26 (AP)—Mrs. Eliza Murray, believed to be over 90 years old, and her 37-year-old bridegroom were married today before a capacity audience in the Methodist church here.

The ceremony was performed by the Rev. Lewis McConnell, who said shortly before the wedding that there had been "some complaints." He declined to say who objected or how strenuously.

The bride wore an orchid provided by a florist.

The bridegroom, Clarence McGee, agreed to the church wedding after being assured there was a place in front of the church where he could hitch his horse.

Both are residents of Brushton, a small northern New York village about two miles from here near the Canadian border.

The bride, attired in her wedding dress of dark orchid, spent four hours in McGee's buggy yesterday in front of the home of a physician, awaiting an official report on their blood tests.

The elderly woman gave her age as 80 for the marriage license record, but her son, James, who is 69, said she's "over 90." He surmised that "like every other woman, she doesn't like to tell her age."

### Meeting Is Scheduled By Police Committee

Borough council's police committee will meet at 7:30 o'clock tomorrow night in borough hall, J. Max Creswell, committee chairman, announced last night.

Primarily, the meeting will be held to open bids for two new traffic lights, at High and Price streets and at Beech and Hanover streets, Creswell said.

# YOUTH ADMITS —

Bridgman, arrested the youth in his home.

ONCE IN BOROUGHS hall, the 17-year-old promptly signed a detailed statement admitting the recent burglaries, and another burglary of about \$10 nearly a year ago from the same store.

Most of his story dealt with his entries through a side window of the grocery, and his taking cash on two occasions from Hartenstein's refrigerator.

In addition to the actual burglaries, all of which were made late at night or in early morning, he admitted to having tried to force his way into the cellar the past month. He was thwarted by a blocked door.

The first time, May 4, he took about \$150. The second burglary, May 19, netted him between \$35 and \$40, the youth admitted.

Pottstown police had issued a teletype report on the first burglary, listing the loot at \$300.

WHILE HE GAVE no adequate explanation of what happened to the stolen cash, he described his recent wanderings in detail.

After the May 19 burglary, he said, he stole the car of Ralph L. Goettman, 1121 Queen street, from Goettman's garage. When the car wouldn't start, he went to a High street garage and had a repairman cross the wires.

A Pottstown patrolman, who was in the public garage at the time, said he questioned the youth about why he had to cross wires. The youth replied that he didn't want to wake his mother while his father was in Philadelphia.

After checking the licence number of the youth's car and checking Goettman's garage, Pottstown police reported the car stolen. Meanwhile, the youth was driving to Philadelphia and then Charleston, S. C.

When his car's engine went bad in Charleston, the youth said, he left it in a garage to be repaired, and headed north.

THE YOUTH last night was taken to Montgomery hall, Norristown, where he was turned over to juvenile authorities.

Hartenstein indicated that he would consult with juvenile court authorities, to see if there was any chance of recovering any of the stolen money. Goettman plans to contact the Charleston garage.

HE ADDED THAT all Lions also should appreciate the opportunities given them by their native land.

After Jones' speech, he was presented with a hand-carved mahogany tray by John C. Soliday Jr., governor of district 14-A, a member of the Perkasee Lions club.

Soliday was in charge of last night's meeting, introducing Lion after Lion, including district governors, members of their cabinets, zone chairmen, district honorary committee members, international counselors, past directors and numerous guests.

The 600 Lions, many of whom became restless occasionally and were brought back to order by a loud, amplified clang on the speaker's bell, all were invited to the State convention to be held in Reading, June 6-9, and to the International convention in New York City, in July.

The Collegeville club received a plaque for being the group with the proportionately largest attendance last night.

From Pottstown 49 Lions went to Sunnysbrook, with President William H. Walker in charge of their delegation.

not serve one for himself, he said. In Reading yesterday, Kennedy was charged with obtaining \$27.10 from the Chapin Lumber and Supply company, according to State police.

State Police Sgt. Michael Reilly said the Birdsboro man gave a check for \$100 to a cashier at the company after ordering \$72.80 worth of wood. He was given the balance in cash when he told company employees he would pick up the lumber later.

The employees became suspicious when he left, however, and summoned State police.

KENNEDY WAS PICKED up by Trooper Elwood M. Krause at Sixth and Elm streets only half an hour after he was assigned to the case.

According to Reilly, Kennedy admitted being involved in a similar deal the past Friday at the Berks Building Block corporation, Reading, netting himself \$78.93.

That time, two young men helped him in his coup, and it was the identity of the two that State police were seeking yesterday.

Last night, Pottstown police said that a detainee would be lodged against Kennedy, to bring him here to face charges of bad checks whenever he is released in Berks county.

Calif., author of the Republican bill.

"And does he know where he has been since?" Knutson responded.

Rep. McCormack (D-Mass.) denounced Knutson for what he called "a low and vicious attack."

"How about Alf Landon?" interrupted Rep. Doughton (D-NO.), leading the Democratic attack on the Republican bill. Landon, 1936 Republican presidential candidate, on Saturday came out for a three-year "as is" new lease on life for the Trade act, saying the Republican bill would violate the 1944 party platform.

The cool Spring has held back the hatching, he explained. Gies' test amounted to skimming the surface of Manatwny creek with a net and scrutinizing the haul under a microscope.

He told members that the last red tape barrier to the project vanished Tuesday when the Bureau of Fisheries gave him the green light on spraying with a new insecticide which kills fewer fish than DDT.

on the midget athletes.

For instance, the four field events — high and broad jumps and baseball and football throws — will be for group three only, Tinkler pointed out.

He is confident that all 1800 elementary school pupils will turn out for the great event, since Friday afternoon will count as a school attendance period, but the Junior High school grandstands will be the temporary school site.

"When I started the eliminations for the meet, practically everybody in school turned out," said Tinkler, a little breathless from preparing the track and field meet.

The entire program is expected to last two hours, depending on how fast Tinkler can get his youngsters properly up to the starting lines.

HAVARD E. FOSNOCHT, principal of the elementary schools, will be the sponsor of tomorrow's activities, while other officials will include Heber T. Meyers, Senior High school track coach, starter; Edward Y. Good, Senior High school baseball coach, announcer; Francis Donnon, Pottstown recreation superintendent, head judge, and Clarence C. Yocom, director of physical education for Pottstown schools, scorekeeper.

High school track team members

will act as judges and timers. For the winners, blue ribbons will be awarded for first place, red for second and white for third.

There will be five places all told, and the number of points credited to the participant's school will vary from five to one, depending on his place in the competition.

When the proposed widening is completed, highway engineers say, motorists will not have to nose their vehicles onto Gravel pits to determine if it is safe to proceed.

The improvement, which will

eliminate the present narrow approach, is in line with the safety program being fostered by the Montgomery County Safety council. It is expected that both projects will be started sometime this Summer.

### Official Assures Speedy Action for Turnpike Extension

HARRISBURG, May 26 (AP)—Full speed ahead was assured for the eastern extension of the Pennsylvania Turnpike today by Thomas A. Evans, chairman of the Turnpike commission.

"The turnpike will definitely be built on schedule and there will be no delay if it is humanly possible," Evans said on his return from a two-day inspection tour of the proposed route.

Evans added that the turnpike pike "will be built on a two per cent grade and a three per cent curvature as originally announced by Governor James H. Duff."

He discounted any idea that there would be changes in the route, especially in the Valley Forge park area.

The turnpike chairman said property owners in the Valley Forge area "are not opposing the turnpike. They only hope we don't take their land." He added that the full commission had met with property owners in the park area during the inspection tour.

"VALLEY FORGE park will definitely not be touched," Evans added, "and we are not going to damage any historical buildings in that area."

Evans pointed out that construction of the turnpike in the Valley Forge area will help rather than hurt that historic shrine.

"Many people don't know how to get to the park at the present time," explained Evans. "When the turnpike is built there will be an interchange near the park and people will be able to see it, and visit it."

### Monocle Trouble

### Street Repair Project Depends on Weatherman

A heavy-duty macadam surface on South street, between Washington and Franklin streets, will be completed within a week—if the rain holds off.

Borough Manager Dow I. Sears said yesterday the roadway would be equipped for heavy traffic, as full-time work on the South street stretch got under way.

Third street between Johnson and State streets, was opened to traffic Tuesday. Resurfacing there took two weeks, a delay of a week because of the almost constant rain-fall.

## Nearly 1000 View Annual Dance Recital As Pupils Tap, Toe and Sing to Entertain

By EDITH M. SCHAEFFER  
(Mercury Society Editor)

With every seat taken and even the standing room crowded, the annual dance recital of 200 students from the Johnnie Price studio went on last night with a rainbow of color and a thunder of applause in the Junior High school auditorium.

Opening the show was a chorus of nine intermediates in gorgeous yellow frocks with inset floral fronts and light blue net capes, tapping out an intricate rhythm in nearly perfect coordination.

Usually the amount of applause is a perfect way to judge the near perfection of a selection being given, but with so many fond mothers and daddies in the audience, the tiny baby tappers, which weren't too certain which was left and which was right—and didn't care anyway—took more applause than the beautifully synchronized perfect of the only professional dancer in the show, Miss Ruth Brinlon, who has not missed a show with the Price Studio in the many years which she took lessons.

POSSIBLY THE greatest storm of applause greeted the Indian dancers, who tripped in with white satin dresses, red feathered headpieces, each-bearing a tomahawk. Helping the applause, of course, was the dropping of a tomahawk by one tiny gentleman, who stood with tears in his eyes, till his dancing partner managed to retrieve it and place it back in his hands. Taking a tremendous amount of applause, too, was the vocal duet which preceded the dance by Claudette and George Jacobs.

Stopping the show, was the somewhat uneven line of the Tulip Time dancers in their tiny pink net skirts and dresses with white satin aprons. The little pink bonnets with blue ribbon ties, shook uncertainly from time to time as they tried to

## Mother's Club Picnic Planned at Shaner Home

The annual picnic of the Mother's club of St. Paul's Reformed church was planned by the members when they held a meeting on Tuesday night at the home of Mrs. Linwood Shaner, Spring City. The date will be announced later.

Mrs. Edward Heimbach, president, was in charge of the business meeting at which the success of the minstrel show held the past week was discussed. A rummage sale will be held on June 15 and 16, it was also announced.

The following committees were appointed: picnic, Mrs. Dale March, chairman, Mrs. Louis Swavely, Mrs. George Good, Mrs. Austin Sundstrom, Mrs. Morris Frick and Mrs. Heimbach, aides; rummage sale, Mrs. Fred Spielman, chairman, Mrs. Sanford Bechtel, Mrs. March, Mrs. Frick and Mrs. Heimbach, aides.

The pig-in-the-box was won by Mrs. Heimbach, and refreshments were served by the hostess and her co-hostess, Mrs. Robert Herringer.

Next month's meeting will be held at the home of Mrs. Michael Schmidt, Spring City, with Mrs. Robert Peck acting as co-hostess.

## 'Strike' by Dissatisfied Robots Highlights Skill by Seniors at Class Night Program

A typical day in Boyertown High school or "What it would be like if the inmates had their way," as Henry Zajac, class president, stated it, was the theme of the 54th annual class night held by the class of 1946 in the high school auditorium last night.

"Utopia BHS" was the official title of the skit, which portrayed school life in which each student has a robot to do his work. Toward the end of the program, the robots got wise to human habits and staged a strike, which resulted in the students' having to do their own work and thinking.

The robots appeared in person, each with a dial in front which was adjusted to the type of activity at hand. As an example, one scene showed four students taking a test for a scholarship. Marguerite Leister, one of the contestants, advised the others to be sure to set the controls for an "objective type" test.

HARRY REIFF APPEARED in act II, "Curricular Out-ups," as a professor who manipulated a giant control board into which students simply dropped slugs and out came the lecture which they wished to hear. But when Ruth Emes dropped in a nickel, the machine suddenly went "haywire" and showered blank sheets of paper all over the seniors, making horrible noises at the same time.

In the opening scene, "Gala Gathering," President Zajac acted.

## Exchange Teacher Tells of Experiences To Business and Professional Women's Club

"To really know people, one must not only live with them, but one must work with them and cry and laugh with them," Mrs. Mary Herbert, Allentown High school staff teacher told members of the Business and Professional Women's club at their dinner meeting in Clover Leaf restaurant Tuesday night. Mrs. Herbert spent the school year 1946-47 as an exchange teacher in England.

Under the exchange system a school in the United States exchanges one of its teachers with a teacher of a school in England. The instructor lives and boards with an English family and soon becomes almost a part of their life. The object of the exchange system is to foster better relations between countries. The system had been in practice for many years prior to the war, with the 46-47 term, the first season of returning to it after the ceasing of hostilities.

In continuing her talk, Mrs. Herbert explained that one of the most interesting groups she had visited with was the BPW club of London, telling the group of the appreciation shown by that club at receiving gifts from the Allentown BPW organization. She attended an international BPW tea, where she met the BPW State President, who resides in Philadelphia.

AT THE TIME Shakespeare's birthday anniversary was celebrated, Mrs. Herbert attended the celebration at Stratford-on-Avon, being only one of three persons from United States to attend the event.

Another was a party from Phoenixville. She told of the hundreds which filled the procession to his grave—people from all walks of life—and each carrying a small hand bouquet which they were allowed to place thereon.

Mrs. Herbert learned a great deal about the bombings which preceded her visit. The children she taught had often witnessed bombs falling on their way to and from school, eventually having to stop school when it was bombed.

"The English people really like the Americans," she told the group, "but sometimes they cannot quite understand them." Quite frequently they found their opinions of America on what they have seen in the Hollywood movies, then when the real Americans do not act that way they are disillusioned. Most particularly were a great many war-brides disillusioned, when they found life here is not a replica of a movie scene."

She concluded by telling the group, that while she had had a wealth of experiences which she would not trade away, she was still very glad to see the Statue of Liberty when it came into view.

Miss Helen Bell was elected president, at the election of officers which followed the program, with Mrs. Bertha Maraffie first vice president. Other officers are: second vice president, Miss Dorothy Barkel; recording secretary, Mrs. Edwardine Tyson; corresponding secretary, Mrs. Frances Buchert and treasurer, Mrs. Mary Davidheiser.

Mrs. Peg Nagle arranged the following musical program, with Mrs. Naomi Astheimer playing the piano for the group singing; vocal selections, Dolly Baeche, accompanied by Mrs. Willis Bridgeham; also selections, Mary Huff, accompanied by Mrs. Bridgeham; vocal solo, David Williams, accompanied by Mrs. Mary Huff and a piano solo by Willis Bridgeham.

The dinner meeting was arranged by the international relations committee with Dr. Alice E. Sheppard, chairman. Assisting were: Mrs. Lucile Williams, Miss Ida Faust, Mrs. Elizabeth Reigner and Mrs. Eleanor Stauffer.

The next meeting will be held June 15 in the form of a club picnic at the home of Mrs. Peg Nagle at Cold Springs.

Mrs. George Robbins, vice president of District 2 of the Philadelphia Presbyterians, presented a book review of "My Dear Ego," by Fritz Kunkel, at a meeting of Guild 5 of the Presbyterian church Tuesday night at the home of Mrs. Harry Kern, near Reading.

Mrs. William Yohn told the story of the Navajo Indians after which boxes were distributed to be filled for this project. Donations also were given to the church baseball team for the purchase of suits and to the nursery department for the purchase of toys. Reports were given on the recent rummage sale and plans made for another in the near future.

## BARCLAY ON BRIDGE

By SHEPARD BARCLAY

**Provide For Adversity**

"HOPE for the best, but prepare for the worst" is probably a good idea in all phases of human endeavor. It certainly fits a game like bridge. It is all well and good to play a hand that produces the best possible score if all goes happily. But to do that while risking your fate unnecessarily is not wise. If, without sacrificing any of the possible benefits of good fortune, you can simultaneously provide against adversity, you are giving the hand just that much better play.

Notice the nice bid East made after West showed his diamond suit. Plugging up the possibility of three losers there, making it virtually certain West was fairly short in clubs, caused East's hand to look very much better. Since he had passed on his first turn, he feared that a minimum rebid now of only 2-Spades would get left in. So he boldly invited game with his 3-Spades, an invitation West had to accept unless his own hand was the worst it could be for play at that declaration or at No Trumps. West did just right to reach into a spade game.

It's too bad East fumbled the ball in the play. South won the club K and, reading the likelihood of heart honors with his partner, reached to the J of that suit. East, of course won with the A. Then he counted up. He noted that spades would probably break for five tricks, and three clubs, four diamonds and the one heart would make game. So he led to the spade

## Fuel Oil Scarcity Expected to Continue

Fuel oil will probably be as scarce next winter as it was the past winter, Walter F. Schwab, local oil dealer, said Tuesday after returning from the annual convention of the Pennsylvania Petroleum association at Bedford.

He and Edward J. Sweeney, another local dealer, spent two days at the convention.

Schwab said executives of many big companies explained that production would be no larger because expansion of facilities will not be complete until more than a year.

Already, Schwab continued, several major companies have announced quotas to dealers for the fiscal year of June 1, 1948 to May 31, 1949, which are the same as for the past year.

The first written use of the expression "hair of the dog" is believed to be contained in an English translation of a French book published in 1616 when "haire of the beast" that hath made thee ill" is prescribed as a cure for "the head the" complaint itself of too much drunke of wine."

# Trojans Nip Raiders, 4-3, Tie West Chester for Title

## Three-Run Rally in Seventh Enables PHS to Cop 8th Win

By ELMER PANOC  
(Mercury Sports Editor)

For the third time this year, the lucky seventh paid off in big dividends for Pottstown High's Trojans.

The Trojans, trailing by two runs in yesterday's game with Coatesville as they came to bat in the bottom half of the seventh, rallied for three runs that brought a 4-3 victory over the Red Raiders and elevated them into a first place tie with West Chester in Section Three of the Philadelphia Suburban conference.

A throng of 300 fans watched the Pottstown High nine snag its eighth victory of the year to cause a special playoff for the league championship. Coach Ed Good said last night that no date has been set for the playoff, but he expected to contact West Chester High school officials today to make arrangements.

Little hope was left for the Trojans as they came to bat for their last chance at Don Urbine, Coatesville right-hander, in the seventh, but Urbine helped the locals considerably.

THE BIG PITCHER walked Carl Supple, pinch-hitting for Joe Axsmith, to start the inning and then issued free passes to Doug Rhoads and George Holinjak to fill the bases with none out.

Brower Yerger went down swinging for the first out, but Johnny Snyder, who had singled and doubled the two previous times at bat, greeted Urbine with a double into center field that scored Supple and Rhoads with the tying runs and sent Holinjak to third.

Norm Sundstrom worked the count to two balls and two strikes before sending a high fly to left field. Baker caught the fly and threw to home plate to cut off the run, but the throw was off to one side and Holinjak scored standing up with the winning run.

COATESVILLE COULDN'T do a thing in the first three innings against Rhoads, but the fourth inning brought two runs that gave the Trojans a 3-0 lead. Baker led off with a home run to deep left field and Gomez walked. The first baseman stole second and took third on Paton's single.

When Paton got caught between first and second in a run down, Gomez streaked home with the second run.

Snyder helped the Trojans get one run back in that same inning. The big catcher tripled to deep right center field on the second pitch and held third as Sundstrom walked. Sundstrom stole second, but Mignona grounded out. Rath sent a bouncer to the second baseman and Snyder beat the throw to the plate to score.

Coatesville scored again in the top of the seventh to set the stage for Pottstown's big rally.

PREVIOUSLY, the Trojans had beaten Downingtown twice in the seventh inning, defeated Phoenixville in the eighth inning and downed Coatesville in the ninth inning.

Rhoads went the distance for the Trojans, holding the Raiders to five base hits. He got himself in trouble a few times in the late innings but worked out of the tight spots without allowing any additional runs to score. The little Pottstown southpaw allowed only three bases on balls and registered 11 strikeouts, seven in the first

## Reading High Tops The Hill Nine, 7-5, For 30th Victory

Reading High's Red Knights chalked up their 30th victory with a 7-5 win over The Hill yesterday afternoon when they edged The Hill by a 7-5 score on the Hill field.

It was the final game of the year for The Hill, and Coach Walt Lemley didn't appear very happy after the game—not only because his team dropped its seventh game in 12 starts, but also because he loses every player on his starting team. Every boy who started yesterday's game against Reading will be graduated from The Hill within the next few weeks.

Reading had to do it the hard way again yesterday to save its winning streak—one of the longest for a high school team in these parts. The Red Knights were trailing 2-0 after three full innings and then had break a 4-4 tie in the sixth inning to clinch the game.

The Hill blew its early lead in the fourth and had to come back in the bottom of the fifth with two runs on a base on balls, singles by Bill Saunders and Houston Hale, and an error in the outfield to tie it at 4-4.

Saunders' two-base error, a passed ball, Schmehl's double, Storch's single and another passed ball gave Reading its winning runs in the sixth inning.

## Spicer's Cafe Nine Rallies in Seventh To Win 3-2 Contest

Five base hits, three of them doubles, gave Spicer's Cafe three runs in the bottom half of the seventh inning and a 3-2 victory over the New York store last night in a City-Industrial softball league game on Halston field.

Trailing, 2-0, as the game moved into the bottom half of the seventh, Spicer's put on a rally that carried it to its second win of the year.

Don Nagel opened the inning with a double and scored when Rippeck duplicated. Clouser singled to advance Rippeck to third and Claude Reinhardt doubled to score the second run. Johnny Halmlakas singled over third base to send Clouser across the plate with the winning run.

The New York store opened scoring in the fifth inning with a single run after four scoreless frames. The losers added their second run in the sixth inning.

## Diecasters Win Over Amvets, 2-1, On Kolarz's Single in 4th Inning

A screaming line drive past third baseman Mickey Missimer into left field off the bat of Fritz Kolarz scored Nels Weidenbaugh and Johnny Holowka with the runs that gave Diecasters a 2-1 victory over the Pottstown Amvets last night before 300 fans on Franklin field.

The victory was the third in succession for the Diecasters and kept them atop the City-Industrial league standings. The Diecasters are still unbeaten.

Kolarz's drive into left field came off Bobby Hoffman, Amvet right-hander, in the fourth inning with the Diecasters trailing, 1-0.

WEIDENBAUGH OPENED the fourth by smashing a single into the hole between shortstop and third base. Johnny Holowka hunted and was safe at first when a play to get Weidenbaugh at second base failed. Paul Herb's throw to the keyhole sack was wild and the ball rolled into center field, allowing the two base runners to advance into scoring position.

Bill Egolf grounded out pitcher to first to set the stage for Kolarz's game winning blow.

The Amvets pounded Dick Hallman freely in the first few innings.

ST. LOUIS, May 26 (AP)—The Boston Red Sox defeated the St. Louis Browns 5-3 today, with Sam Mele scoring the deciding run when catcher Less Moss fumbled Dom DiMaggio's attempted sacrifice and threw wild to first base for a double error. The game drew 2897.

It was Boston's first victory in five games.

Mele's double at the start of the tenth inning was the only extra base blow of the game. DiMaggio scored later in the inning on an outfield fly off the bat of Vern Stephens, who drove in three of the runs.

The Browns tied the score in the eighth when pinch batter Ray Coleman singled, advanced on a sacrifice and an infield out, and then scored on Joe Dobson's second wild pitch of the contest.

Earlier in the same inning the Red Sox forged ahead with two runs on singles by Ted Williams and Stan Spence, a walk and two force plays.

Citation Arrives At Garden State

CAMDEN, N. J., May 26 (AP)—Citation, the three-year-old crown prince of horse racing, was welcomed to Garden State park today by a record-smashing performance.

And the horse that cracked the track record in a workout, J. M. Robelling's Macbeth, is one that Citation will face in the \$50,000 added Jersey stakes Saturday.

Macbeth travelled a mile and a quarter — the Jersey stakes distance — in 2:04, chipping three-fifths of a second off the track standard set the past year by Shamrock Stable's Lion Rampant.

To set Citation's princely crown wavering a little more, Macbeth has been assigned only 114 pounds for the Jersey stakes. Citation was topweighted with Salamagundi at 126.

## TURNESA GAINS 4TH ROUND OF GOLF TOURNEY

Twin Victories Help American on Way to British Amateur Title

SANDWICH, England, May 26 (AP)—Defending champion Willie Turnesa and three other crack United States amateurs advanced to the fourth round of the British Amateur Golf championship today with twin conquests of strong opposition in an English channel squall.

They were accompanied into the select band of 32 survivors by Mario Gonzalez, the Brazilian star, who performed wonders with his iron to tie a 34-year-old record with an "on-going" 31 strokes.

Frank Stanahan of Toledo, Ohio; Dick Chapman, of Pinehurst, N. C., and Bob Sweeney, Jr., part-time Englishman from New York, all kept their title hopes intact.

The U. S. top-notchers were spread through three of the four quarters of the draw—opening the possibility of the second successive All-American final in the 63-year history of the championship.

Three other Americans, air-fores Sergeant Charles (Chuck) Jennings, of Medford, New Jersey; Chris Dunphy, Westbury, Long Island, and Frank Tatum, Jr., Oxford university scholar from Los Angeles, were eliminated.

Turnesa played two matches today, after two days' idleness. He defeated Tatum, 5 and 2, with a morning round flow of pars, despite the 27-year-old student's fighting finish.

In the afternoon the defending champion, playing through recurrent rain and hail storms, dispatched the veteran English star, Cyril Tolley, 5 and 4. Tolley won the amateur title in 1920 and 1929.

Other Dodger Officials Also Fail to Confirm Newspaper Statements

BROOKLYN, May 26 (AP)—Brooklyn Dodger officials today refused to confirm reports that waivers had been asked on Jackie Robinson, Negro infielder.

Harold Parrott, secretary of the Dodgers, denied this had been done. Manager Leo Durocher said "I don't know where anyone could get such a report," and another Dodger official said that if it were true it had no significance.

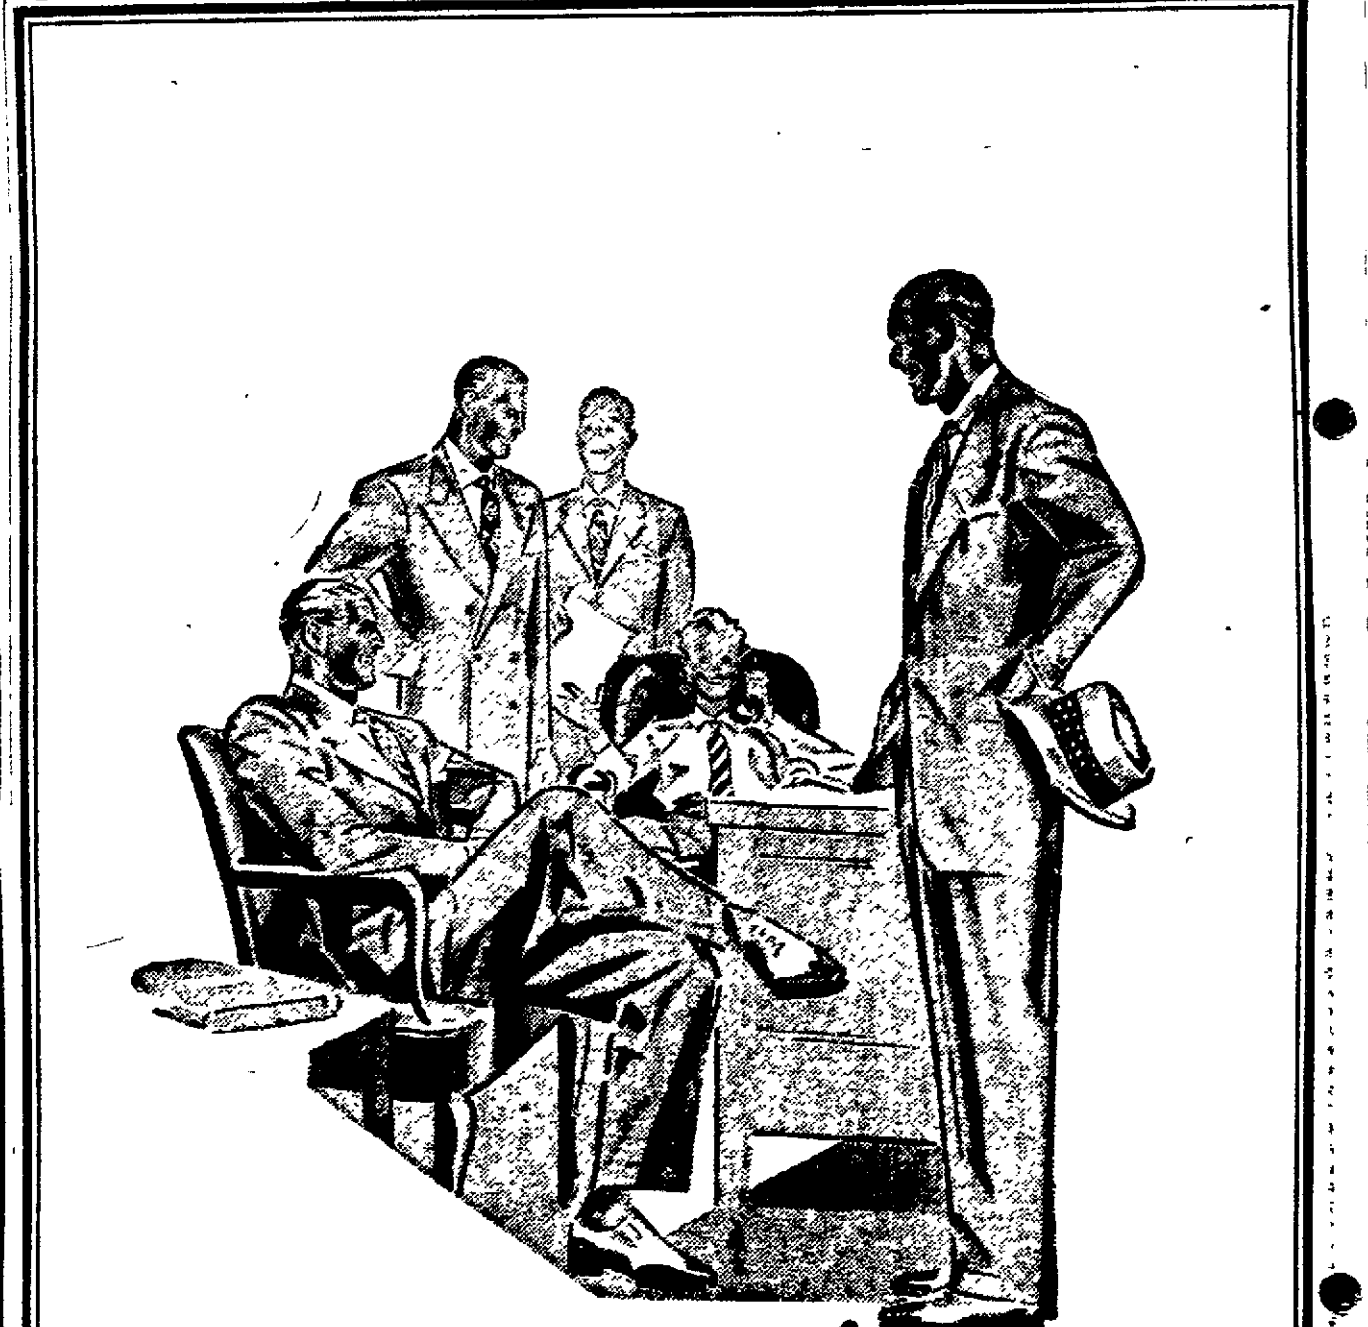

President Branch Rickey himself declared: "I have never discussed waivers and I am not going to start now." Under league rules waivers are considered confidential.

THE NEW YORK MIRROR in a copyright story said flatly that waivers had been asked.

Robinson, the first Negro in modern times to play in organized baseball, was a sensation the past year, but this year he has been overweight and slow to round into form, although he is hitting a healthy .332.

The Mirror declared that Rickey "was first annoyed by Jackie's bloated physical proportions when he reported for training and more recently has expressed emphatic displeasure with Robby's slowness, or reluctance, to get himself down to his normal playing weight."

## Sportswriters Favor Louis Over Walcott

NEW YORK, May 26 (AP)—Sports writers who saw the first Joe Louis-Jersey Joe Walcott fight believe the Jersey veteran has a better chance to reverse the verdict than their brethren who weren't present. In both cases, Louis is favored to retain his title when the two Negro boxers meet again at Yankee stadium, June 23. But close to one-third of the writers—11 of 34—who saw the first bout and who participated in a nationwide Associated Press poll figure Jersey Joe will lift the crown.

The overall voting showed 230 writers lining up behind the champion with only 52 stringing along with Walcott.

The 23 first bout observers picking Louis all predict the champion will win by a knockout. The Brown Bomber won a much disputed 15 round decision the past Dec. 5 in Madison Square Garden. Seven of them like the fifth round as the finisher, five favor the third and four the seventh. None expects it to go beyond the ninth.

Most of Walcott's supporters, on the other hand, figure the Camden, N. J., campaigner will outpoint Louis over the 15-round route. Eight of the 11 see a finish fight. Two pick Walcott to refrigerate Louis in the eighth and another thinks it'll be the second.

Of the 282 writers who made a choice—including those who did and did not witness the Dec. 5 scrap—a total of 238 predict the champion will store Walcott away somewhere along the route. The fourth and fifth are the most popular rounds.

Only two say they expect the Brown Bomber to prevail after being carried the limit. Twenty of Walcott's backers foresee a knockout over the champ.

## Hank Sauer's Homer Leads Cincinnati To 8-5 Victory

BOSTON, May 26 (AP)—Rallying behind Hank Sauer's 10th homer of the season, the Cincinnati Reds came from behind to snatch an 8-5 win over the Boston Braves to-night before an 18,839 chills-braving crowd. While gaining their first win in three starts against Boston, the last-place Redlegs chased Warren Spahn, the Boston southpaw ace, with a two-run barrage in the sixth to take command.

Cincinnati's Sauer, who had a homer in his first start, hit a 10th homer in the sixth to lead off the inning. Sauer's homer was the first of a two-run homer in the sixth to lead off the inning. Sauer's homer was the first of a two-run homer in the sixth to lead off the inning.

## MACKMEN BEAT CHICAGO SOX BY 7-1 SCORE

Joe Coleman Pitches Five-Hitter for A's; Only 2697 See Game

CHICAGO, May 26 (AP)—

The Philadelphia Athletics recorded their fourth straight victory by toppling the Chicago White Sox, 7-1, before 2697 persons today. The victory, highlighted by Joe Coleman's five-hit pitching, was the A's fifth in nine games of their first Western swing.

The A's were held hitless until the fourth by starter Orval Grove, who retired after the winners blended three singles with his throwing error for a 2-0 lead.

Ferris Fain and Hank Majeski supplied the run-producing blows in this round.

CHICAGO SCORED its only run in the same inning. Luke Appling walked with one out, advanced to second on an infield out and scored on Tony Lupien's single—the White Sox's first hit off Coleman.

The A's pushed across five runs in the seventh on only two hits. This meager swatting was sandwiched around three of Chicago's four errors and three walks to wind up the scoring. Howie Judson, Grove's relief, and Frank Papike were the victims of the second place's final spurt.

## YANKEES DROP 7-1 DECISION TO DETROIT FOE

Dizzy Trout Records 4th Victory; New York Pitchers Too Wild

DETROIT, May 26 (AP)—The

The Detroit Tigers capitalized on the wildness of New York Yankee pitchers to beat the world champions 7 to 3 here today before a crowd of 18,915 fans.

The losers outbit Detroit 12 to 8, but Paul "Dizzy" Trout bore down in the clutches to register his fourth win of the season as against an equal number of defeats. Yankee starting pitcher Frank Shea was the loser.

Shea and relief hurlers Joe Page and Tommy Byrnes gave up 10 walks and four of the Tigers who got on via walks scored. Karl Drews, the fourth Yankee pitcher, did not pass a man in his 1 1/3 innings workout.

Evidence of the wildness of the Yankee pitchers was seen in the record of Tiger leadoff man Nell Berry who was walked on four of his five appearances at the plate. In four of the eight innings the Tigers went to bat, their first man up drew a walk.

The Tigers did not get a single extra base hit, but the Yankees got to Trout for six extra-base walkoffs.

## GIANTS TRIUMPH OVER CARDINALS BY 10-7 COUNT

St. Louis' Lead in National League Is Cut to One and One-Half Games

NEW YORK, May 26 (AP)—Rally-

ing for eight runs in the eighth inning, the New York Giants topped the St. Louis Cardinals, 10-7, to-night to cut the Redbirds' National league lead to 1 1/2 games.

Stan Musial's eighth and ninth homers went to waste as the Giants surged to victory before a roaring night crowd of 44,128 fans.

Unbeaten Howie Pollet appeared to be coasting toward his fifth straight win with a 7-2 lead in the eighth. However, the Giants routed Pollet on Bobby Thomson's double and Johnny Mize's single.

Then they bumped Red Munger for his second loss. Sid Gordon walked after Willard Marshall fanned and successive singles by pinch hitter Johnny McCarthy, Buddy Kerr and Jack Lohrke chased Munger.

Hits by Bill Rigney and Whitey Lockman took care of reliever Gerry Staley and the Giants added a final run off Ken Burkhardt on Thomson's single, his second hit of the inning.

Non-Arab volunteer fighting with Arab forces against the Jews in Palestine is treated by an Arab nurse in a hospital near Jerusalem after being wounded in the battle for Katamon, one of Jerusalem's residential quarters.

Travelling by air in contrast to their ancestors' migration 150 years ago, Mennonite Peter Funk and his family lead a vanguard of 51 Mennonites in a new migration to Paraguay. They are aboard a Clipper plane at Miami, Fla., from where they flew to Asuncion with other members of the sect to prepare the way for 1500 Mennonites who are planning to move to Paraguay in search of freedom to live without civil interference. The Funk family formerly lived on a 480-acre farm in Manitoba.

Introduced to their ABC's on the typewriter, Billy, Sharon and Sylvia (left to right) of Middletown, Ind., now are starting experts with their typing ability. Sharon, 10, types 95 words per minute; Sylvia, 11, can do 76 words per minute and Billy's record is 63 words. None of them has taken formal lessons.

A kitchen helper at a New York hotel, Antonio Dupre, 68, holds a picture of his newest offspring—triplets—born to his fourth wife, Juanita, at Harlem hospital. The father offhandedly announced that the triplets, Joseph, Mary and Gloria, were his 33rd, 34th and 35th children. Dupre said: "By my first wife, in Argentina, I had 12 children, with four sets of twins. By my second wife, in France, 10 kids. By my third, also in France, nine. By Juanita, Antonio Jr., and triplets."

When Mrs. C. W. Martine, Denver, rescued from drowning the blind terrier with which she is here shown, her own shepherd dog had been missing for a week. Her twin sons, Billy and Bobby, were heartbroken over the loss of their pet. The publicity that followed the return of the rescued dog to its grateful owners caused a general hunt to start for the lost shepherd. It has been found and returned.

Digging a hole for a gasoline tank has suddenly turned into a gold hunt for Willoughby J. Robinson, Fontana, Cal., grocery store owner. Robinson and his son found some shiny flakes which an assayer said were gold dust at \$65.50 a ton. Robinson built this stone monument in which he has sealed claim.

Mass black bear and her new triplets emerge from den to smell Spring dandelions at Brookfield Zoo, Chicago. Cubs, born Jan. 22, weigh 13 pounds each.

Virginia MacWatters, New York coloratura, plans a Summer tour of the U. S. during which she will sing with symphony orchestras at Chicago, New Orleans, San Francisco, Dallas and St. Louis. She's a native of Philadelphia.

## OBITUARIES

**MRS. AGNES A. CAREY, 86,** READING, former Pottstown resident and widow of J. Harry Carey, died yesterday afternoon at 1:30 o'clock at the home of a daughter in Merchantville, N. J., after a two-weeks illness.

Born in Lenhartsville, Berks county, she came to Pottstown as a young girl. She had been married more than 50 years, when her husband, a former Pottstown school director, died in 1934. Most of their married life had been spent at 334 King street.

While in Pottstown, she was a member of First Methodist church. In 1930, she and her husband moved to Reading.

Surviving are two daughters, Mary Cecelia, wife of Joseph J. Jeffries, Merchantville, N. J., with whom she was staying at the time of her death, and Pauline Mildred, wife of Robert E. Gehret, Reading, and a sister, Mrs. Emma Custer, Norris-town.

Funeral services will be held Saturday morning at 11 o'clock from a funeral home at 33 West Maple avenue, Merchantville.

Interment will be made privately in Mt. Zion cemetery.

Funeral services for **MRS. MARY RAPCHINSKI, 518 NORTH ADAMS STREET,** were held yesterday morning at 9 o'clock from her residence and solemn high requiem mass was celebrated an hour later in St. Peter's Catholic church.

The Rev. John Naja, rector, was celebrant; the Rev. Francis E. Suchanek, rector of St. Gabriel's Catholic church, Stowe, was deacon, and the Rev. George Hiller, of St. Aloysius Catholic church, was sub-deacon.

Palbearers were Anthony Rap-
